

# Garbage Disposal in Susaki (令和 7 年作成)

《Place your garbage in the designated pick-up location between 7am and 8am》

Disposing of your garbage outside of these above hours may be bothersome for your neighbors.  
Not following the rules for garbage disposal may be regarded as illegal dumping.

Disposal	Sorting	Examples	Disposal Method
Twice a week	Combustible Garbage		
	Items that fit in bags	 <p>Food scraps, trays, shoes, slippers, cup noodle containers, mayonnaise containers (with the lid removed), scrap papers, pudding cartons, dead/fallen leaves, labels from plastic bottles, cut sting/hoses that are withing 20cm in length, egg containers, oyster shells, stuffed animals, sketchbooks, underwear and non-recycleable clothes (dispose of clothing that can be recycled on the non-combustible garbage day.)</p>	Place in the correct city designated plastic bag (固形燃料化するごみ袋) and <u>tie securely</u> .  Garbage placed in other types of bags will not be collected. 

Once a Month	Combustible Garbage		
	Items that don't fit in bags	<p>Place outside on the designated disposal day!</p> <p>Wooden furniture (dressers, desks, chairs, book shelves)</p>  <p>Futon, blankets, carpets, mats, tatami mats</p> <p>about 1m</p>	Fold and tie futon and other kinds of mattresses with string. Wooden furniture must have <u>all metal parts removed, be broken down to 1 square meter and tied with a string</u> . All items must have a “ごみ処理券” sticker attached. Do not place items in the pick-up area if it raining or likely to rain. 
	Non-combustible Garbage		
	Recyclable Garbage Items containing mercury	<p>Recycling starts with proper separation!</p> <p>① Glass bottles</p>  <p>② Cans, spray cans, gas cartridges</p>  <p>③ Plastic bottles</p>  <p>PET containers with the above mark</p> <p>④ Fluorescent lights, thermometers, batteries (including mercury thermometers)</p>  <p>⑤ Lithium batteries (rechargeable batteries, mobile batteries, etc.)</p>  <p>※Not all applicable items contain a mark</p> <p>⑥ Newspapers, magazines, clothing, cardboard, paper drink cartons</p>  <p>Items containing the above mark</p> <p>•wash, open, dry</p>	<p>① Remove the caps from glass bottles, rinse and sort by the bottle color (brown, transparent, etc.) Lids, dirty items, and broken glasses should be sorted into miscellaneous garbage. Consult with the store of purchase for refillable bottles.</p> <p>② Rinse cans. Spray cans must be completely used.</p> <p>③ Remove caps and labels from plastic bottles and rinse. Caps are miscellaneous garbage. Labels are combustible garbage. Bottles that cannot be cleaned should be placed in designated non-combustible bags.</p> <p>④ Broken fluorescent lights are miscellaneous garbage.</p> <p>⑤ Lithium batteries can be placed in containers or returned to nearby electronics shops or community centers.</p> <p>⑥ Magazines, newspapers, and clothes need to be sorted and tied with string. Do not dispose of them on rainy days. Extremely dirty items should be disposed of in combustible garbage.</p>
	Miscellaneous Garbage	<p>Broken bottles, fluorescent lights, dishes, empty containers of detergent, toys, umbrellas, DVDs, pots, lids, pans, Tupperware, game consoles, Styrofoam, small metal items, knives, lighters (used up,) etc.</p> <p>Wrap dangerous items in newspaper for safety. Always remove batteries from remote controls, toys, etc.</p> <p>Devices that cannot have lithium batteries removed should be placed as is in the containers.</p> 	Place in a city designated plastic bag (不燃ごみ袋) and tie securely.  Other bags or boxes with a “ごみ処理券” sticker attached and/or containers including combustible items will not be collected. 
	Items that don't fit in bags	<p>Bicycles, corrugated iron sheets (folded and tied up), electrically heated carpets, electric blankets, chairs (iron, plastic,) large appliances other than specified (microwave ovens, fans, etc.) large toys, room heaters (kerosene must be removed,) large metal items</p> 	Put a “ごみ処理券” sticker on each item and dispose.  If the item can fit in a bag, you may place it in a city designated non-combustible garbage bag (不燃ごみ袋). 

Uncollectible items	TVs, washing machines, clothes dryers, refrigerators, freezers, air conditioners	Concrete blocks, batteries, fire extinguishers, motorcycles, spring-loaded bed mats and sofas, tires (cars, motorcycles,) plasterboard, earth and sand	Commercial and industrial waste
	 <p>These are specified home appliances that are required to be recycled. Please consult with the store of purchase or distributor.</p> <p>Laptops, computers</p>  <p>The manufacturer provides recycling. Please consult with the manufacturer.</p>	 <p>Cannot be processed in Susaki. Consult with a dealer or specialist.</p> <p>Fuel, oil, thinner, paint, chemicals, syringes and needles</p>  <p>Possible fire hazards. Consult the store of purchase or a specialist.</p>	<p>We do not collect any waste from business activities (industry, commerce, fishing, agriculture, forestry, etc.) For those items that can be disposed of, please take them directly to the landfill or entrust them to a licensed disposal service. For items that cannot be disposed of, please consult with an industrial waste contractor.</p> <p>Large amount of garbage from moving, cleaning, etc.</p> <p>If a large amount of garbage is placed at the disposal site at one time, there is likely to be clutter. Please separate your garbage and bring it directly to the disposal site.</p>
