

# How to separate and dispose the garbage

Dispose the garbage from 7am to 8am.  
 Disposing garbage out of 7am ~ 8am causes troubles to neighbors and garbage collection.  
**If you don't follow the rules, that is regarded as illegal disposal.**

Twice a week	Combustible garbage	
	Garbage fitted in the plastic bags <p>Raw garbage, Trays, Containers of instant noodles, Waste paper, Egg containers, Notebook, Strings, Fallen leaves, Shoes, Non-recyclable clothes and underwear</p>	Put them into “固形燃料化するごみ袋” and tie tightly.  It is not collectible if putting them into “不燃ごみ袋” or other kinds of plastic bags.

Once a month	Combustible garbage	
	Garbage not fitted in the plastic bags <p>Futon, Blankets, Cotton blankets, Carpets, Rush mat, Tatami mat</p>	Fold and tie with strings, and put a “ごみ処理券” on futon and other kinds of mattress.  Wood furniture needs to be broken down to 1m square, all metals must be removed, tie with a string, and put a “ごみ処理券” on.
	Wood furniture (closet, desk, chair, book shelf, etc) 	Do not place them in pickup area if it's raining or going to rain.
	Non-combustible garbage	
	Recyclable garbage Glass Bottles, Cans, Spray cans, Butane gas cartridge 	Remove the caps from bottles, and rinse and sort by the bottle colors (brown, transparent, and the others). Dirty or broken glasses are sorted as the miscellaneous garbage. Rinse cans. Spray cans must be used up.
	Garbage containing mercury Plastic bottles Fluorescent lights, Batteries, Thermometer (including mercury thermometer) 	Remove the caps and labels, and rinse. Caps are the miscellaneous garbage and the labels are combustible.
Newspaper, Magazines, Clothes, Cardboards 	Magazines, newspaper, clothes, etc need to be tied with strings by type Extremely dirty ones are sorted as combustible.	
Miscellaneous garbage	Garbage fitted in the plastic bags Broken glasses, Dishes, Umbrellas, Empty bottles of the detergent, Umbrellas, DVDs, Cooking pots, Frying pans, Lids, Tupperware, Toys, Styrofoam, (Wrap broken glasses, bottles, knives, or any dangerous devices in newspaper) 	Put them into “不燃ごみ袋” and tie tightly.  It is not collectible if putting them into “固形燃料化するごみ袋” or other kinds of plastic bags.
	Garbage not fitted in the plastic bags Bicycle, Electric carpet, Electric blanket, Chairs (Iron, Plastic, etc), Stove (heating oil and fuels must be removed), Large-size home electronics (microwave toaster oven, electric fan) except specific types of home electronics 	Put a “ごみ処理券” on each garbage and place in pickup area.  However, if garbage can be put in “不燃ごみ袋” bag, put it into “不燃ごみ袋” bag and dispose.

Uncollectible garbage	【 Television, Laundry machine, Laundry dryer, Refrigerator, Air conditioner 】 These are home electronics obligated to recycle. Ask stores or consult with the dealers.
	【 Computers 】 Ask manufacturer
	【 Motorcycle, Batteries, Tires, Fuels, Oil, Paint, 】 Unable to dispose in Susaki. Ask stores or consult with the dealers.
